

Confirmation of Green Technology Product

Confirmation No. : GTP-23-03314
Product Name : Emulsion type polyacrylamide
(Model Name) (A-230E, C-360EL, A-333E, C-310EML, C-112EL, C-310E, C-210E, C-410E, C-212EL, C-411EMB)
Certificated Technology : Production technology of emulsion type polyacrylamide produced by the vacuum polymerization process
Certificate No. : GT-22-01582
Company : SNF Korea Co., Ltd.
President : ChaeYoung Jung
Address : 215-100, Yecheon-ro, Nam-gu, Ulsan, Korea
215-100, Yecheon-ro, Nam-gu, Ulsan, Korea

We hereby confirm that the above-mentioned Product has been approved as a Green Technology Product by the Ministry of Environment of the Korean Government under Article 60 of the Framework Act on Carbon Neutrality, Green Growth for response to Climate Crisis and Article 27 of the Management Code on Green Certification System.

Date of Issue : 2023.01.26
Date of Expiration : 2025.12.14

Ministry of Environment

This Confirmation is valid for 3 years since the day it has been issued. If you would like to extend, you have to request extension three months prior to the expiration date.
